Commissioner for Patents

Alexandria, VA 22313-1450

Sir:

This application was filed on October 4, 2004 as a national phase application of PCT/DK2003/000198. As indicated in the Transmittal Letter to the DO/EO/US and the Application Data Sheet, this application claims priority or the benefit of Danish Application No. PA 2002 00534 filed on April 10, 2002 and U.S. provisional application no. 60/373,859 filed on April 19, 2002. Furthermore, the Declaration and Power of Attorney which was signed by the inventors appoints the practitioners at Customer Number 25908 as their attorneys.

The filing receipt mailed November 26, 2008 fails to identify the assignee of this application. The subject application was assigned to Novozymes A/S at Reel 016505 Frame 0861 on September 8, 2005.

Applicants therefore request the issuance of a corrected filing receipt with a complete assignee section.

Applicants submit that the error was the fault of the USPTO and therefore no fee is due.

Respectfully submitted,

Date: January 23, 2009
